2032 Highway 44
Reserve, Louisiana 70084

Approved Specialty Grain River Terminal & Rail Facilities

(List available from ADM upon request)

Program Requirements – “Process Points”:

ADM Agricultural Services Specialty Grains Program offers the following for our specialty grains:

- 1) Grower and elevator certified product sourcing that meets customer contracted requirements with subsequent receiving, handling, identity preservation, and shipment in Ocean Vessels via our Gulf Operations (Ama, Destrahan, and Reserve LA export elevators)
- 2) Sale by Decatur Specialty Grains Group of Ocean Vessels from our Gulf Operations (Ama, Destrahan, and Reserve LA export elevators) of specialty grains that are certified to be segregated and delivered in an identity preserved manner to barge or rail by a signed certificate from an approved Rail or Barge Terminal Supplier
- 3) Ocean vessel product traceability certified by a pool of signed farmer and elevator supplier certificates
- 4) Sale by Decatur Specialty Grains Group of containers from Ottawa, Illinois that meet customer contracted specifications
- 5) Trait Testing of inbound specialty grains that are identity preserved into vessel or container shipments
- 6) Collection of signed farmer and elevator suppliers certificates warranting:
 - a) Post Harvest Chemical Free
 - b) Growing, handling, and harvesting practices
 - c) Variety Information
 - d) Non-commingling
- 7) Farmer and elevator supplier certificates available to customers electronically or as the signed document
- 8) Trait testing or other tests per customer requirements of outbound specialty grains shipments. Analysis provided by ADM contracted third party laboratory, customer contracted laboratory, and/or State and Federal Agencies.
- 9) Origination and shipment of Non-GMO Food Grade and Distiller Grade Corn under the Newman Elevator Program in Newman, Illinois. This program includes:
 - a) Sourcing of Non-GMO Food Grade corn varieties and Distiller Grade Corn Varieties that provide customer preferred characteristic(s)
 - b) Handling, storage, segregation and loading of product to prevent commingling with other products that do not have specialty trait(s)
 - c) Testing and documentation of each outbound shipment as required by customer contract and ADM's internal system that ensures customer satisfaction
